WANTED

WANTED! STANDBY CLIENTS

Save 30 per cent off any service you like!

One of our many gorgeous clients, Wendy Smith, had a wonderful idea and we loved it and know you will too.

She suggested: "Why don't you have a cancellation list? If a client has to cancel at the last minute, then clients like me (who are at home or not working that day), could be rung and come straight down and fill that gap for you. As I'm not working, can you do me cheaper since I'm helping you out by filling an emergency gap?"

Well, we'd love to help out. So, get yourself on the "Standby List."

Email Nirmata at sensesnz@ihug.co.nz with the subject "Standby List"

Include your name, mobile number and tell us what day/s you're free. Or, phone Nirmata on 09 273 1612 and let her know your details.

The first nine to email Nirmata receive any facial they like for half price!

If we get a cancellation on your day off, we'll send you a free SMS message or phone you. This is a WIN/WIN situation. If you can come in, you get a 30 per cent discount.

INDIAN HEAD MASSAGE

Do you suffer from neck and shoulder stiffness, eye strain and headaches? Sick of feeling tired with low energy?

Then Indian Head Massage may help you:

Indian Head Massage involves working with a strong, but gentle rhythm helping to unknot blockages and release tension, this effect is not just physical, it also works on an emotional level, calming the spirit, promoting relaxation and relieving stress. The head, neck and shoulders are important energy centres within your body, if you are stressed or anxious, tension tends to accumulate.

Massaging the scalp stimulates the flow of blood to the follicles, improving the supply of nutrients needed for healthy hair growth.

Today the common cause of poor blood flow is stress generated muscle tension, by

helping dispel such tension,

head massage not only proves an invaluable treatment but

helps relieve stress linked problems like headaches, eye strain, neck and shoulder stiffness.

Stress can be responsible for 80 per cent of illnesses, so if we can eliminate this from our lives we are sure to prevent illnesses from occurring. Out of balanced bodies cause all sorts of issues. It only takes one gland or organ to be out of whack and it affects the others. Poor circulation makes us cold, injuries don't heal as quick and our organs and tissues can't work as efficiently.

So what are you waiting for? Relax - Rebalance - Revive. Through the reflexes of your Scalp and shoulders you will walk in and float away.

Who wants the most gorgeous skin that your friends will envy?
Have More Youthful Skin That Glows Like Madonna's!

When your teeth need cleaning, you go to a dentist. When your carpets are dirty, you have them cleaned. When your car is dirty, it gets washed.

What about your skin?

Daily use of sun block, moisturisers and make-up can easily clog your skin. Twice a day we cleanse and exfoliate this will all help your skin topically be cleaned, but what about deep cleansing inside the pores and follicles?

If skin was completely flat it would be just fine so scrub it... but it's not. The skin has pores and follicles that need regularly cleaned. Dirty, blocked skin is characterised by blackheads,

congestion and blemishes. To vacume the skin would be an ideal way of ensuring it is deeply cleaned and decongested. We don't sweep carpets we vacume them, it should be the same way for our skin.

Pores and follicles need to be cleaned from the inside. Peels effectively vacumes the skin to deeply clean it. Peel is a method that exfoliates the skin with Lac-Pam, Glycolic or TCA while simultaneously vacuuming and washing it. It's alot like getting your carpets professionally cleaned.

To deliver the most effective treatment, the

Peels loosens surface layers of dead skin cells, this truly creates a deep clean feeling to rejuvenate, refresh, and help allow better penetration of the products.

Senses is the only salon in Botany that provides professional glycolic peel in a clinical environment. It is a stand alone treatment; there is no comparison to any facial treatment out there on the market. Nothing else provides that freshly cleaned, and hydrated skin for up to two weeks.

Peels is designed to slough off dead skin cells and rejuvenate the skin stimulation new collagen and elastin production, while

riding the skin of toxins. Peels is best suited for all skin types but most beneficial in clients suffering from acne, dull and lifeless skin, pigmentation, scaring, blackheads and fine lines. "Clients report that they have never has softer and more luminous and radiant skin- not to mention the cleanest that they can remember"
